Dear St Paul & St Timothy's Primary Schools

St Paul & St Timothy's Infants and Junior Schools – School Street

As you will be aware, a School Street has been introduced that covers the above school. This affects **South Parkside Drive, Spring Grove & Elmtree Close**, adjacent to **St Paul & St Timothy's School**.

To help with the enforcement of the School Street, enforcement cameras have been now installed at the entry points to the School Street on South Parkside Drive and Spring Grove.

These cameras will be operational from **27 April 2026**.

When the School Street applies

- **Monday–Friday: Morning 08:15–09:00 (School term time only)**
- **Monday–Friday: Afternoon 14:30–15:30 (School term time only)**

During the above times, there will be a restriction on entering the School Street to help ensure that road safety is improved for school children.

The school term times will be as those on the Council's website. Please go to www.liverpool.gov.uk and search for school term dates. These term dates will be applied to all Schools Streets, even if you decide to end your term earlier or start later.

Outside these hours (including weekends and public holidays), the road remains open to all traffic.

Vehicles already parked inside the School Street may leave at any time.

Liverpool City Council Head office: Cunard Building, Water Street, Liverpool, L3 1AH 0151 233 3000

What does this mean for you and the school?

Only those people who have a valid approved exemption will be able to enter the School Street during its restriction times.

This will include residents within the School Street and other essential vehicles.

Non essential vehicles will not be eligible for exemptions. This may include parents/guardians dropping children off at the school, tradespeople, contractors, etc.

Please note that an exemption does not allow vehicles to park on other restrictions, such as yellow lines.

School exemption list

You will have provided vehicle details as part of the essential vehicle exemption list for the school. I should be grateful if you could review your list to ensure that the number of exempted vehicles that are able to enter the School Street during its restricted times are kept to an absolute minimum.

As I'm sure you'll appreciate, the concept of a 'sterile' area in a School Street will help to make the environment safer for schoolchildren.

This may mean that visitors only attend the school outside of the restricted times, that they park outside of the School Street or use alternative means of transport. Similarly, essential staff may be able to adjust their travel patterns so that they arrive outside the restricted times. Whilst I appreciate that this may cause some minor, it will help to make the School Street safer for school children.

Given that School Streets have been in operation within Liverpool for a while now, a review is being undertaken and I will be in touch again about this during the summer term.

Enforcement

Within the first 6 months when the enforcement cameras are operational, if you drive into the School Street during its restricted times without a valid exemption for the first time, you will receive a warning notice.

If you receive a warning notice, you do not need to do anything.

However, if you may receive a Penalty Charge Notice of £70 if you enter the School Street again. After 6 months of the School Street being operational, there are no warning notices and you will receive a Penalty Charge Notice without a valid exemption.
